Information and Admissions Guide

Pre-K (2, 3 & 4 year olds)
Through Eighth Grade

Dear Parents and Guardians:

Thank you for considering Holy Family Catholic School for your child's education. I am confident that after reading about and visiting our school; you will choose Holy Family and become an active partner in the formal education of your child. I'm sure this brochure will be helpful in giving you the necessary information to make an informed decision. Allow me to share with you the introduction included in our School Handbook:

"The school's purpose is to provide quality Catholic education in an atmosphere where each person is important and learning is specifically geared to the needs of the student as an individual and as a member of the group. Our goal is to help each child reach his/her potential in all areas of development.

As a community of faith, Holy Family Catholic School seeks to involve parents, students, teachers, priests, and administrators in the educational program. The Christian atmosphere of the school lends itself to the total development of the child. Since Catholic education is an expression of the mission entrusted to the full Church membership, we strive to give witness to Christian values through example, commitment, and service. In partnership with the parents and the Church, Holy Family Catholic School exists to enable persons to hear the message of hope contained in the Gospel, to base their love and service of God upon this message, to achieve a vital personal relationship with Christ, and to share the Gospel's realistic view of the human condition.

The HOME and SCHOOL will determine America's future. The child becomes largely what he or she is taught; hence, we must be aware of what we teach the child and how we live before the child. Because parents are the primary educators of their children, the development of good behavior habits and proper attitudes toward faith and school begins at home.

For the student to achieve his/her highest potential, it is necessary that both home and school endeavor to cooperate and to act as one to unify the child's life. When there is an understanding between the school and the home, when expectations are mutually honored and respected, there develops in the child's mind a sense of security which is the basis of all natural and supernatural growth."

The goal is that by working together, we will strive to make Holy Family Catholic School an academically outstanding place for growth and a community of faith.

How fortunate we are here at Holy Family. We have an excellent academic program, and we are blessed with faith-filled caring, professional people who strive to give your children a quality education in a Catholic environment. This is the true mission of a Catholic School. If you want your children to be in this environment, then you as parents must be willing to accept the challenges - personal and financial. Only by working together - teachers, parents, students, administrators, and priests - can we prepare our children for the future.

If you have any questions or concerns, please don't hesitate to contact me.

Sincerely,

Sister Florence Ann Marino, IHM
Principal

School Information

Accreditation: Holy Family Catholic School is a member of the National Catholic Education Association (NCEA) and is accredited by the Florida Catholic Conference (FCC). The Department of Education of the State of Florida certifies the teachers.

Spiritual Life Program: Religious education at Holy Family Catholic School is directed toward enabling the student’s faith to “become living, conscious, and active through the light of instruction.” (To Teach As Jesus Did) Catholic doctrine is taught, and the program reflects Catholic teaching as expressed in official Church documents. The program seeks to proclaim and teach God’s work in an atmosphere that promotes the faithful acceptance of it and the responsibilities it imposes.

Students engage in daily prayer and participate in the liturgy and other religious experiences. The students are helped to examine attitudes and values in order to develop behavior consistent with the faith they profess. Students learn about human needs, justice, mercy, and peace. They are given opportunities to respond to the needs of others by working together on numerous service projects. Personal, family, local, and global concerns are addressed from a Christian perspective. Students are expected to respond to one another with love and a sense of justice.

Religious education encompasses more than class time and required assignments. It is a responsibility shared by the parish, the parents, and the school. Regular church attendance, prayer, attitudes of respect, and proper moral values begin, and continue to be nurtured, in the family. Parents and students are required to attend scheduled meetings outside of school time in preparation for the sacraments of Penance, Eucharist, and Confirmation. The opportunities of Thursday and Holy Day liturgies and prayer services enrich the family obligation to pray, to celebrate Sunday liturgy, and to receive the Sacraments. Parents are urged to consider these matters carefully when reflecting on their choice of Catholic education.

Academic Program: The curriculum of Holy Family Catholic School is in compliance with the recommended requirements set by the Office of Catholic Schools and Centers of the Diocese of St. Petersburg and the standards for Accreditation of Early Childhood and Elementary Schools by the Florida Catholic Conference. Support materials, including textbooks, resources, and software are periodically updated and reviewed. The following subjects are included in the school curriculum:

RELIGION Catholic doctrine, Scripture, Family Life Education.	MATHEMATICS Including pre-algebra and algebra for students in grades 7 and 8 who qualify.	LANGUAGE ARTS Reading, writing, speaking, listening, viewing.
SOCIAL STUDIES	SCIENCE	MUSIC
ART	SPANISH	PHYSICAL EDUCATION
COMPUTER / TECHNOLOGY SKILLS	LIBRARY SKILLS	ENRICHMENT PROGRAM (qualifying students)

Communications: The School website has an on going events calendar as well as a monthly newsletter. Home and School Association holds at least three meetings throughout the year. Parents are always aware of their child’s progress through the online grade book, probationary reports, classroom communications, e mails, referrals, and conferences.

Self Discipline and Student Conduct: Holy Family Catholic School strives to teach and foster self-discipline for the well being of both the student and the school community and for the creation of a Christian atmosphere for learning. The collaboration of all - parents, teachers, and students, is necessary to achieve success in this most important area of growth and development.

In guiding the child’s growth in habits of virtue and Christian attitudes, it is helpful to emphasize the positive rather than the negative. Children need to understand that when they choose one behavior over another, they must take upon themselves the consequences of that chosen behavior.

To create and foster a positive learning atmosphere, all Holy Family students are expected to demonstrate increasing maturity as they develop in three important areas: **Respect, Spirituality, and Responsibility.**

School Information - CONTINUED

Uniforms / Dress Code: Although the school enforces a dress code, it is primarily the responsibility of each student and his/her parents to see that the regulation uniform is worn. **It is expected that a student’s appearance and personal hygiene will not be a distraction to others, nor interfere with learning.**

Regulation uniform clothing is purchased through Risse Uniform, Inc. Shirts, sweatshirts and light weight jackets with the Holy Family Catholic School logo as well as PE shorts and shirts are purchased through the school office.

School Advisory Commission: The Commission consists of parents and parish members selected by the School Advisory Commission, or elected by the parent community. The chairperson of the Home and School Association, the pastor, and the administrator are also members of the Commission. The purpose of the School Advisory Commission is to recommend policy for the operation of Holy Family Catholic School in order to provide a strong Catholic education program. The monthly meetings of the Commission are open to parents and guardians.

Home and School Association: All parents and guardians are members of the Home and School Association. The Home and School Association is a communication vehicle between the school and the home, which organizes service activities (volunteer fundraising) and provides parent education. The Association endeavors to foster collaboration between parents and teachers to provide a sharing of ideas and ideals, and to promote mutual support and assistance. The Association meets at least three times each year.

Active Beyond Commitment (ABC) Service Program: Holy Family Catholic School is committed to providing the highest quality education possible. To meet this commitment, we require participation from all families of enrolled students in every aspect of school, including fundraising and general service hours. Each family is required to complete a minimum of 20 service hours each school year (4 of those hours need to be served helping with the Annual Auction) (June – April), unless a letter is received by the School Administrator from a single parent family requesting a reduction to 10 hours for that family. Hours not served are billed at \$25 per hour, and must be paid by May 10th, each year. Service hours and support of the school’s major fundraisers help to control rising tuition rates. The School Advisory Commission members, as well as the Home and School Executive Board members, believe that if a positive approach is taken in regards to these activities, it not only helps the school financially, but it can be a source of community building. There is always a way you can assist with fundraising activities, regardless of your personal circumstances.

Extended School Day Program: An extended school day program is available to all students enrolled in Holy Family Catholic School. Operating hours are from dismissal to 6:00pm on days that school is in session. Information regarding this program can be obtained through the school office or through the Extended School Day Program.

Families moving into the parish may submit a letter from their prior parish stating they were active in and supporting their prior parish. These families must register and fill in a pledge card at Holy Family before the end of their first trimester to continue to receive the parish rate. Families who do not have such a letter from their prior pastor will be charged the “other” rate of tuition until one full trimester after they have registered in the parish. If at the time the family has met the requirements for a Parishioner Tuition Rate Card, their tuition will be changed to the parish rate.
